

### CITY'S NEEDY GET FIRST VEGETABLES

Produce from Garden Distributed to Unemployed Families.

One hundred and twenty heads of cabbage and 145 dozen ears of sweet corn, the first produce from the municipal garden, were distributed among the unemployed by the city yesterday.

The vegetables were distributed at the garden under the direction of Safety Director Emory M. Murphy. A group of the unemployed gathered the corn and cabbage and carried it to the Windsor street side of the garden where it was distributed.

The safety director said yesterday it was the plan to harvest the bean crop and the potato crop early in October. The dry weather, he said, it was believed would reduce the potato crop although rain now would result in the potatoes continuing to grow for at least another week.

## ECLIPSE OF SUN AS U.S. WILL VIEW IT

This map of the United States shows the hour at which the eclipse of the sun tomorrow will be at its maximum at various cities of the United States. Times are standard for each city. ### HEARING DATES SET ON THEFT CHARGES

P. L. Mulvane and Edwin Hixon of 247 Chicago avenue, were released on their own recognizance yesterday after they had entered pleas of not guilty to stealing \$20 worth of coal from the C. & O. railroad, before Municipal Judge W. R. Martin. Their hearings were set for 10 a. m. Sept. 2.

When arrested by A. C. Parlin of the C. & O. police early Sunday morning the two were driving an automobile to which a trailer had been hitched. Both the trailer and the rear of the car were filled with coal.

### IN PAGEANT

If all the participants in the Ashbury Park, N. J., Baby Parade and George Washington Bicentennial celebration are as easy to look at as this beauty, it should be a lovely sight. Above is Miss Alberta Lyons of Allenhurst, N. J., who will play the historic role of Mrs. George Washington Fairfax in the pageant. She will enter Bradford College this fall.

### The Stars Say—

For Wednesday, Aug. 31

A DAY of splendid opportunity to reach high goals and honorable position is indicated by the lunar and mutual aspects. The planet Neptune holds prominent influence, opening up situations where great things may be attained by tact, strategy, subtle wire-pulling or open, but diplomatic relations. These are enhanced by the strong forces of the luminaries and assisted by Jupiter with his disposition to promote, increase and expand the fortunes, prestige and prominence. All this will dispose of small anxieties, difficulties and perplexities.

Those whose birthday it is are on the threshold of a year of splendid opportunities and advantages. There is augury of promotion, preferment, high honors and popularity with the public, in politics or in diplomatic relations. Also increase of fortune, power, good will and attainment of cherished goals. It is a time for pushing. A child born on this day should be the proverbial one "born with a golden spoon in its mouth." It may have every advantage of position, fortune, fame and prestige.

Notable nativity: Emperor Yoshihito, Japan.

"Nature in the Raw"—inspired by the savage ferocity of a death-battle between a vicious tiger and the bloodthirsty Black Panther—the terror of the Java jungles.

*"Nature in the Raw is seldom MILD"*

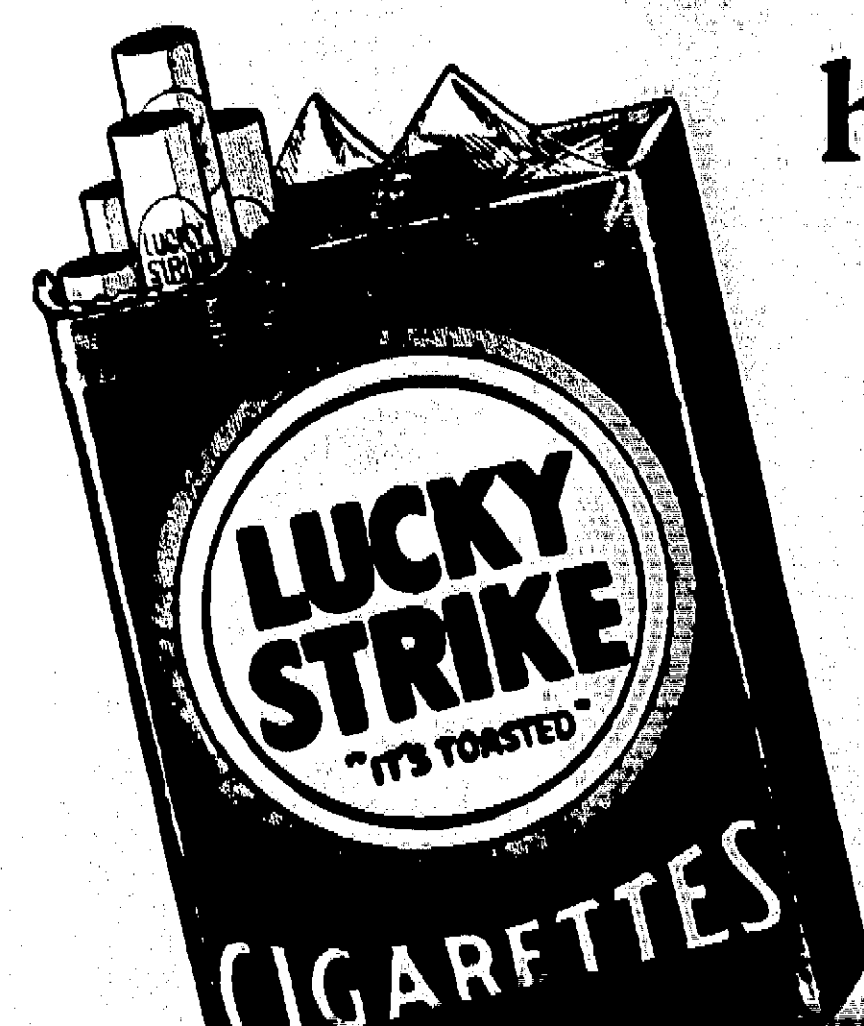

## —and raw tobaccos have no place in cigarettes

They are *not* present in Luckies... the mildest cigarette you ever smoked

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"

—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

**"It's toasted"**  
That package of mild Luckies

"If a man writes a better book, preaches a better sermon, or makes a better mouse-trap than his neighbor, let him be proud."

## FORMER LOCAL MAN ADVANCED BY ERIE

Robert H. Boykin Made Assistant General Manager at Jersey City.

Robert H. Boykin, at one time supervisor of the Dayton-Marion division of the Erie railroad, has been advanced to assistant general manager of the Erie at Jersey City, according to the September issue of the Erie Railroad magazine.

Mr. Boykin was supervisor here for one year, in 1912, going from here to be supervisor from Kent to West Salem. In 1915 he was made division engineer of the Kent division and in 1917 he became division engineer on the Delaware and Wyoming divisions. From 1918 to 1920 he was assistant superintendent of maintenance for the territory from New York to Chicago. He was moved up to superintendent of terminals at Jersey City in 1929. From 1929 until his present promotion he was superintendent of the Mahoning division at Youngstown. Mr. Boykin started with the Erie in 1905 as an axeman at Cory, Pa., and served in the engineering department until 1910.

## Theater News and Reviews

### FOREIGN FILM AT PALACE; PICTURE A GERMAN PRODUCTION

The Palace opened this afternoon with a foreign production "Monte Carlo Madness" featuring Sari Marquardt, who has invaded Hollywood since this German picture was made. The picture will continue through Wednesday night.

"Monte Carlo" is the background for the picture. Hans Albers is leading man, playing the role of a gambling sea captain who falls in love with a princess. The princess, madly in love with him, pretends to be a cocotte out of Paris.

Werner R. Heyman composed the several musical hits that the picture naturally includes, being a light, romantic film after the easy Lubitsch manner.

### STATE TO SHOW "NIGHT COURT"

You'll like "Night Court," which will show Wednesday and Thursday at the State. Walter Huston is fine as the unscrupulous night court judge who nearly wrecks the lives of a young married couple, Phillips Holmes and Anita Page, to further his own ends. "Murders in the Rue Morgue" will show for the last time tonight. Bela Lugosi plays the leading role in this interpretation of Poe's famous story.

### COURT NEWS

**Sues To Recover Bonds.** Mary Jacoby brought suit against J. J. Fulton, state banking superintendent in charge of the liquidation of the Marion Savings bank, to recover \$1,500 in government bonds, deposited in the bank before it closed, and interest.

She charges that Fulton has refused to pay the amount and that S. H. DeLong, former cashier of the bank "fraudulently and wrongfully" appropriated the bonds to his own use. She says the loss is covered by an insurance policy held by the bank.

The petition was filed yesterday in common pleas court by the law firm of Jacoby and Jacoby.

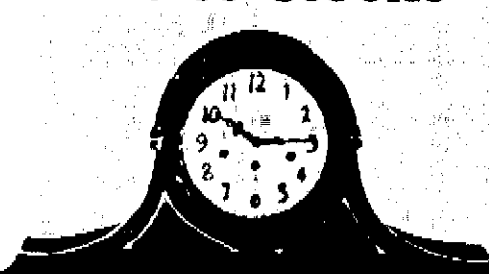

### Sues Administrator

Jason H. Carbaugh brought suit yesterday in common pleas court against W. Dexter Hazen, executor of the estate of Charles E. Gano, asking for \$3,682.

The amount, Carbaugh states in his petition, is due for money loaned Gano, money expended on household expenses and for nursing Gano during the illness that caused his death. He said he loaned Gano \$584.50 and spent \$125 more than his share in maintaining the household. The plaintiff asks \$2,972.50 as compensation for nursing Gano.

Carbaugh is represented by the law firm of Mouser, Young, Mouser & Wiant.
